Patient Protected Health Information Consent

We want you to know how your Protected Health Information (PHI) is going to be used in this office, along with your rights concerning those records. Before we will begin any health care operations, we require you to read and sign this consent form stating that you understand and agree with how your records will be used.

- 1. The patient (and/or their legal guardian) understands and agrees to allow this office to use their PHI for the purpose of treatment, payment, health care operations, and coordination of care. As an example, the patient agrees to allow this office to submit requested PHI to the Health, Auto, or Worker's Compensation Company (or companies) provided to us by the patient for the purpose of payment. Be assured that this office will limit the release of all PHI to the minimum necessary for what the insurance companies require for payment.
- 2. The patient has a right to examine and obtain a patient copy of his or her own health records at any time and to request corrections. The patient may request to know what disclosures have been made and to submit in writing any further restrictions on the use of their PHI. Our office is not obligated to agree to those restrictions.
- 3. A patient's written consent need only be obtained ONE TIME for all subsequent care given to the patient at this office.
- 4. The patient may provide a written request to revoke consent at any time during care. This would not affect the use of those records for care given prior to the written request for revocation, but would apply to any care given after the written request has been presented.
- 5. For your security and right to privacy, all staff has been trained in the area of patient record privacy. We have taken all precautions that are known by this office to assure that your records are not readily available to those who do not need them.
- 6. If the patient refuses to sign this consent for the purpose of treatment, payment, and health care operations, we have the right to refuse to provide care.

I, the undersigned, have read and understand these consents and I agree to these policies and procedures.
